EINE MARKE DER UNTERNEHMENSGRUPPE  
NASSAUISCHE HEIMSTÄTTE | WOHNSTADT

## Programmmanagement Städtebaulicher Denkmalschutz. Oestrich-Winkel: Brentanopark/Rheinufer/Bahnhof

Nr. 284 | 07.20.20

<b>Ziel</b>	Rescue, security and development of monument-protected buildings and ensembles as well as environmental improvement for residents and visitors
<b>Lage</b>	Five sub-areas in the districts of Oestrich, Mittelheim and Winkel
<b>Grundlage</b>	Commissioning of the Nassauische Heimstätte GmbH, ProjektStadt, after a tendering process by the city of Oestrich-Winkel
<b>Ablauf</b>	<p>The city of Oestrich-Winkel is the largest wine-growing city in Hesse. Oestrich-Winkel does not only have outstanding individual monuments, such as the Brentanohaus, the Grey House, the St. Ägidius-Basilika, Schloss Vollrads or the Oestricher Weinkran, but also has significant ensembles to point out, such as the Oestricher Altstadt.</p> <p>In this context, five sub-areas were designated (Oestricher Altstadt, Mittelheimer Bahnhof, Umfeld Basilika, Umfeld Graues Haus and Brentanodreieck), in order to secure and further develop the rich historical heritage.</p> <p>In order to make Oestrich-Winkel also more attractive for tourists, especially the Brentanoensemble (Brentanohaus, Brentanoscheune and Brentanopark) should be a significant location of the Romantic Rhine as part of the national Romantic Axis and thus become a cultural landmark. In addition, historical buildings should be secured and renovated, historical squares attractively and streets and roads renewed.</p>
<b>Finanzierung</b>	Means from the program of urban monument protection, municipal own funds, further funding programs
